Emerging Professionals Group

Encourages younger members and those new to the Industry to get actively involved in the IES.

Creates special learning opportunities.

Creates programs/activities geared toward EP members' interests.

Develops EP professional skills and abilities.

Expands the young professionals' recognition in the community.

Creates new leadership and integrates new ideas into the Society.

Creates opportunities for Emerging Professionals to share their concerns and needs with each other and to facilitate the fulfillment of those requirements.

Provides a much needed voice to the Society about future needs.

Provides opportunities to meet mentors.

Provides both Local and Society service and career opportunities for Emerging Professionals.
